

## AGITATIONS

### State Wise Data on:

- Details of Agitations
- Agitations by type in 2006 & 2007

This chapter gives the information on State/UT wise data on number of agitations; agitations during which police had to open **fire**; agitations during which police did not open fire but applied other methods of use of force; **civilian casualties** due to police action and **police casualties** due to the unruly conduct of riotous mobs.

### Number and type of agitations

The data on number and type of agitations has not been received from seven states. For the remaining States/UTs, there occurred a total of 25,740 agitations in the country during 2007. The different types of agitations that sum up to the above total are **communal, student, labour, Government employees, political** etc.

At state level, the **maximum** number of 4,250 agitations were reported from **Gujarat**, followed by 3,645, in **NCT of Delhi** and 3,583 in **Punjab** during the year 2007. Out of the total of 66 agitations in which police opened fire, at national level, 39 were accounted for by **Jammu & Kashmir**, followed by 12 in **Rajasthan** and 5 in **Assam** State. Similarly in case of agitations where police did not open fire but used other methods of force, the state of **Jammu & Kashmir** contributed **maximum** number of 378 such agitations, out of the total of 545 in this category all over the country. Thus in all, in 611 agitations out of total of 25,740, Police had to use force either with Fire arms or other than firearms like lathi/baton charge. Details are given in **Table – 10.1. (Page No. 123)**

The total number of agitations under different heads for the year 2007 and 2006 are shown in

**Tables 10.2 and Table 10.3. (Page No. 124 & 125)** There has been 32.2% decrease in the number of agitations from the year 2006 (37,946) to 2007 (25,740).

As the data has not been received from seven states so analysis of the agitations under different heads could not give any specific trend. However, the maximum number of agitations have been accounted for by Political agitations 33.85% followed by the government employees at 18.87%. **Labour** related agitations were about 13.73% while the **student agitations** were about 9.72% of the total number of agitations during 2007.

All kind of agitations need elaborate law and order arrangements, involving deployment of huge number of police manpower. The present direction of Supreme Court to separate investigation wing from law and order wing, when implemented in full, will go a long way not only in promoting professional skills and specialization to deal with both types of duties but shall also in the long run further the cause of efficient and effective crime investigation and public order management without affecting each other adversely.

### **Civil casualties due to police action & police casualties due to unruly conduct of riotous mob**

During the year 2007 in a total of 25,740 agitations, 59 civilians and 6 policemen were killed whereas 509 civilians and 1324 policemen were injured.

Agitations are collective expression of dissatisfaction with the state authorities and others on a variety of issues like education, essential services, transport facilities, wages etc.

In a democratic system expression of protest

by the different groups/ sub groups of public is a common feature. Police personnel of the both the States and CPFs will have to consciously strive for upgradation of their professional and behavioural skills in order to manage crowds agitated over any perceived, real or unreal, cause of injustice / dissatisfaction against the authorities or some other sections of the society without use of force as far as possible.

The State/UT wise detail of agitations, police firing, civil and police casualties are given in **Table 10.4. (Page No. 126)** Required information has not been received from a number of States and hence has been indicated accordingly. Therefore the factual position in respect of agitations in the country depicted in this chapter has to be approached with this limitation in mind.
