

Hello Mam,

I am Pawan Jyani, intern from the 1st batch of BPR&D organised in May 2017. I want to thank you for that opportunity. As I am doing fellowship in Gandhi Fellowship for leadership and for educational development in government schools. After internship I didn't realised what I am gaining but after I joined here I felt the importance of that internship. It's helping me here a lot with those 15 days experience which I got during those days. Thank you so much mam for such opportunity.
